## ELEH + RICHARD CHARTIER

### *LINELEH II*

128:00

LINELEH is a continuing series of works by sound artists ELEH and Richard Chartier. Part two was created, modified, and refined over the course of a year between 2015 and 2016.

This work focuses on the artists' long-shared shared interest in micro-nuances and is intended for quiet amplification or headphone listening.
